

EDF-X Navigator

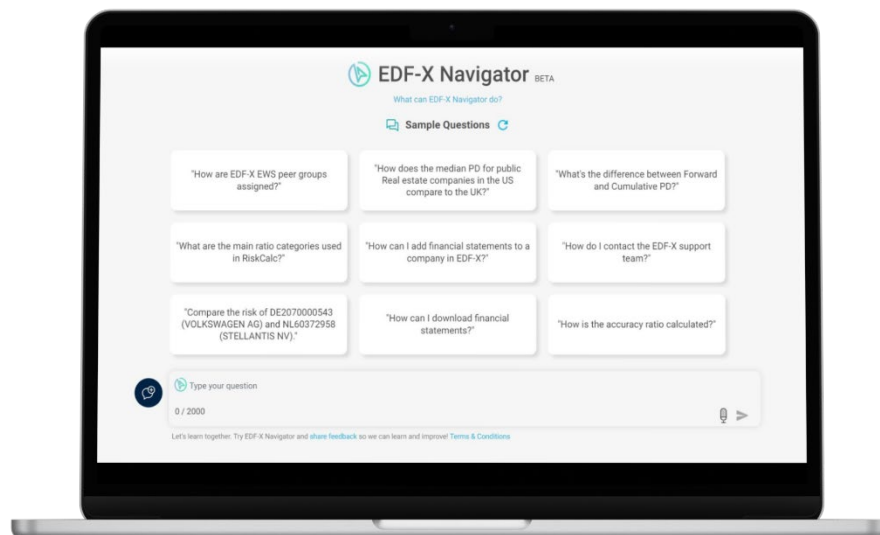

Your smart companion to timely and efficient credit risk management

WHAT IS EDF-X NAVIGATOR?

EDF-X Navigator is a conversational platform powered by Generative AI. You can now skyrocket your productivity and unlock the full potential of EDF-X like never before.

It helps you to:

- Understand the EDF-X methodology, validation, and analytics better
- Access multiple data points for single companies
- Compare two companies
- Access summary information for portfolios (up to 5,000 companies)
- Understand the EDF-X platform better and how to use it
- Get support in multiple languages
- Enjoy a seamless experience by saving previous questions and responses and exploring follow-up questions
- Use a voice control option for hands-free operation
- Benefit from instant, on-demand, self-service support

WHAT CAN EDF-X NAVIGATOR DO?

Read now

- Learn how to use EDF-X, e.g., "How can I download financial statements?"
- Understand EDF-X methodology, e.g., "How are Early Warning Categories assigned?" or "How are peer groups assigned?"
- Explore EDF-X validation, e.g., "What was the dataset used to build and validate the US RiskCalc 4.0 model?"
- Accessing data and analytics, e.g., "Summarize the credit risk of US128832070L (Boeing Inc)."
- Managing your portfolio, e.g., "Which companies should I worry about?"

Coming soon

Stay tuned for the exciting enhancements and updates, including:

- Driving EDF-X user interface, e.g., "Set up an alert when companies in my portfolio move to the SEVERE category."
- Drive improved onboarding experience for new users. e.g., "Show me how to create a portfolio."
- Translate EDF-X analytics for specific uses - e.g., "What is my counterparty's supplier risk?"
- Understand key company events and industry themes available in the news - e.g., "What are the latest developments for small manufacturing companies in Oklahoma City?"
